Vietnam veteran defeated addiction and now teaches people to do the same

Wayne Pickering

The Center for Nutrition, USA

Discover: How to help patients, have the time of their life-while-being fit, confident and worry free help others to discover the most valuable asset in their life help define the only thing that we are in total charge of in our lives. Learn and be able to teach: How to let your past be a point of reference and not some place of residence! how to get some relief from your grief as you banish stress and seize life while letting go of the baggage from the past eliminating

depression, addiction, and PTSD. A 3-step plan to find your true uniqueness in life to where, you will know precisely, not maybe, but precisely what you are going to do for the rest of your life. If not you, then who? If not now, then when? Our Past may be Blemished, but Our Future is Spotless.
