Paradigm shift in discovery of biosimilars via path breaking innovation Radha 108 (Receptol)**Pawan Saharan**

Biomix Network Inc., India

Swine flu HIV/AIDS common cold hepatitis a, b & c herpes simplex i&ii acute & chronic viral infections viral respiratory infections dengue fever human papilloma virus pharangitis (viral) sars rabies rota viral diarrhea allergies & asthma tuberculosis alzheimer benign prostate hyperplasia hepatic cellular carcinoma hypertension lupus (discoid and systemic) oral thrush autism premenstrual syndrome and endometriosis rheumatoid & osteo arthritis spinal muscular atrophy. This observation study reveals that after Radha108 Nano Peptide oral spray therapy,

mean weight of study cases showed significant increase from baseline to end of treatment and these changes were observed in both the genders. Hence these results indicate that Radha108 Nano Peptide oral spray is very effective and safe among cases with indications like HIV, Swine flu, Allergy, Asthma, Arthritis, Diarrhea, Fever, Fatigue-Malaise, Anemia, Endometriosis etc. showing increase in weight gain as a parameter for overall wellness and improved quality of life, even in healthy population.

Biography

Pawan Saharan is currently employed at Biomix Network in the position of Chief Executive Officer and Chairman.
