

International Conference on

# NUCLEAR MEDICINE AND RADIATION THERAPY

July 16-17, 2018 | Madrid, Spain

## Molecular imaging in prostate cancer: Theranostics approach

**Fahad A Marafi**

Kuwait Foundation for Advancement of Sciences, Kuwait

The lecture goes through a journey from basics of diagnostics imaging to new advances in Molecular Imaging and radionuclide therapy. The approach focuses on functional imaging and how it is utilized to come up with a new era in medical practice called Theranostics “Therapy and Diagnosis”.

### Biography

Fahad Marafi is a consultant Nuclear Medicine Physician and is the Director of Jaber Al-Ahmad Molecular Imaging Center, Kuwait as well as President of Kuwait Society of Nuclear Medicine and Molecular Imaging. His main Interests are in PET/CT non-FDG Imaging and Radionuclide Therapy.
