

Astronomy, Astrophysics and Space Science at Young research Awards-2020

Quihe Peng

Past Member of Division D High Energy Phenomena and Fundamental Physics (until 2018) Past Member of Commission 44 Space & High Energy Astrophysics (until 2015) Past Member of Division XI Space & High Energy Astrophysics (until 2012), E-mail: qhpeng@nju.edu.cn

We invite all the participants throughout the world to join us for the upcoming **"3rd Annual Congress on Astronomy, Astrophysics and Space Science"** presented in **Munich, Germany**, during **16-17 October 2020**, working with the theme: Big Ideas and Thoughts of Astronomy, Astrophysics and Space Science.

[Astrophysics 2020](#) makes randomly massive assistances to formal and informal science learning, given the minute variety of exploration astronomers. Technology transfer and spin-offs from physical science have vital presentations in medication, industry, defense, environmental watching, and shopper merchandise.

The objective of our [Astrophysics 2020](#) Conference is to offer and international platform for treasurable discussions on current innovations, present & future challenges, continuing education along with one on one expertise meeting and open opportunity for collaboration & support expert network for upcoming views.

Astrophysics 2020 follow topics such as: Physics & astronomy, astrophysics & gravitational waves, aeronautical & space engineering, gravitational physics & cosmology, cosmic microwave background & radiation, astrobiology, nuclear astrophysics, planets, comets, asteroids & dust, particle physics & Higgs boson, space missions & satellites, exoplanet & planetary physics, atmospheres & winds, large scale surveys & future experiments, industrial & medical applications challenges in everyday life, astrophysics research: new insights.

Each of our [Astrophysics 2020](#) meeting pages draw the attention of about of 25000+ characteristic invitees which holds research icons, business experts, and distinguished philosophers who endeavor to stitch a changing experience with ample research ideas. Over 80% of our online visitors and participants are from developed countries like Europe, Switzerland USA, Canada, UK, China, South Korea, Germany, Italy, France, Japan, Australia, UAE etc. backed up by 5000+ employees and 50,000+ Editorial Board Members of its presence journals.

Young Researchers Forum - Young Scientist Awards Astrophysics 2020

Prestigious Award for Young Research's at Astrophysics 2020 - Ascertaining New Exploration in Physics field

Astronomy, Astrophysics and Space Science Conference Committee is glad to announce **"3rd International Conference on Astronomy, Astrophysics and Space Science"** October 16 -17, 2020 in Munich, Germany by focus on the theme: Big Ideas

and Thoughts of Astronomy, Astrophysics and Space Science. **Astrophysics 2020** developments are maintaining their momentum. Astronomy, Astrophysics and Space Science Conference program delves into strategic discussions.

Astrophysics 2020 Young Scientist Awards

Astronomy, Astrophysics and Space Science Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Astronomy, Astrophysics and Space Science.

Young Research's Awards at **Astrophysics 2020** for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the **Astrophysics 2020** young research forum.

Benefits

- Young Scientist Award recognition certificate and memento to the Achievers.
- Our conferences offer best Platform for your research through oral presentations.
- Acquire about career development with all the latest technologies by networking.
- Young Scientists will get suitable and timely information by this Forum.
- Platform for collaboration among young researchers for better expansion.
- Provide a chance for research interaction and established senior detectives across the globe in the field.
- Share the ideas with both well-known researchers and mentors.
- It's a great honour for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English.

Criteria for Selection

- Showcase your research through oral performances.
- Learn about career growth and the latest research tools and technologies in your field.

- This forum will give pertinent and timely information to those who conduct research and those who use and advantage from research.

- Grow a foundation for collaboration among young researchers.

- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.

- Interact and share thoughts with both peers and mentors.

- Chance for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

- Actively allocate information and promote the benefits of education and career matters.

Awards & Rewards

- Showcase your research through oral performances.

- Learn about career growth and the latest research tools and technologies in your field.

- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.

- Develop a foundation for collaboration among young researchers.

- The forum will deliver an opportunity for collegial interaction with other young investigators and recognized senior investigators across the globe.

- Interact and share ideas with both peers and guides.

- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary investigators.

- Actively distribute information and stimulate the assistances of education and career matters.

Expert Level Award

The award will be presented to the expert researchers who have done exceptional work in the field of Astronomy, Astrophysics and Space Science. The award is considered the most distinguished award in the whole conference and it is termed as Scientific Service Achievement Award. The researchers should have a minimum of **20 years** of research experience in the respective field. The anticipatory awardee should be passionate towards their work, willing to innovate and accept the aberrations happening in the research area with the introduction of recent trends. You can nominate anyone you feel deserving to the award.

[Astrophysics 2020](#) offers best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the chance to join **Astrophysics 2020** for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our **Astrophysics 2020** more successful.
