

2020 Awards for Advanced Nanotechnology Conference

Jianqi Zhang

*Professor and Director, Department of Foreign Affairs, Inner Mongolia University of Science and Technology, Baotou, China,
E-mail: jzhang82@imust.cn*

Advanced Nanotechnology 2020 aims to proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of Nanotechnology, Materials Science, Chemistry and Physics to share their research experiences and indulge in interactive discussions and technical sessions at the event. The Conference will also have a space for companies and/or institutions to present their services, products, innovations and research results. If your company/organization is interested in participating in this event, contact us here.

Research Contribution and Achievement Awards:

The conference offers emerging scholar awards to outstanding researchers, exceptional graduates or early academicians who have distinctive enthrallment towards the conference themes. The Award strives in providing a strong professional development opportunity for early career academicians—meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations.

Expert level

The Achievement award is designed to recognize **sustained, exceptional performance and/or significant contributions of the individuals** who have made splendid contributions in [Advanced Nanotechnology](#). **Scientific Service Achievement Award** is one of the most distinguished awards in the conference. The applicants should have minimum of 20+ years of experience in the relative field including performance or project goals above and beyond normal performance expectations in public or private sector. The applicants are expected to have a highly committed passion and should take lead in researching the current trends and developments towards the related subjects. The applicants can be nominated through online.

Professional level

The **Research Contribution Award** aims to recognize renowned professional for their excellence in research in the area of [Advanced Nanotechnology](#) to the advancement of knowledge in their own fields with significant impact on public or private sector. The applicants should have 10+ years in area of **Nanotechnology** with their outstanding achievements. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. The applicants can be nominated through online.

Scholar level

Applicants must be upcoming scientist, researchers and experts who possess 10+ years of expertise in the area of [Advanced Nanotechnology](#). The purpose of these awards is to inspire promising participants to expand their network by widely discussing their research advances and their outcome. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. The applicants can be nominated through online.

Women Scientist

Women in Science Award highlight major contributions by female scientists to the science and technology sector. Winners of the award are inspiring role models for future generations of women in [science](#). Through this conference, a launch pad is provided for **Women Scientist** for presenting their research advances in the area of **Advanced Nanotechnology**. As a part of encouragement to women scientist's participants, awards and assistantship for women scholars in career development and research guidance through our collaborations will be given. We cordially invite women scholars and scientists from Universities/ Industries to who have **10+ years of research experience** to join the forum. The applicants can be nominated through online.

It Outstanding Speaker

The conference offers awards to the best **Outstanding Speaker** based on the scientific content and quality of presentation. The aim of the awards is to support research activities in the field of [Advanced Nanotechnology](#) research and to identify the marvellous work by the participants for presenting their projects, strategies, and schemes that have been implemented to improve long-term excellence in **Nanotechnology**. The applicants can be nominated through online.

Best Keynote Speaker

This recognition celebrates the most inspiring and effective presentations that are delivered by impactful, confident and engaging speakers. The Awards will be given to the speaker who has made significant contributions advances in their projects, strategies and schemes and successfully implemented to improve long-term excellence in [Advanced Nanotechnology](#). The deserving applicants can be nominated through online.

Best Poster Presentation

In order to identify best poster presentation from the poster session, student poster competition is organized at Conference. Award should motivate participants to strive to realize their full potential which could in turn be beneficial to the field as whole. This award will be provided to participants like student and recent graduates to present their original real-time work and share their views and aspects related to the theme of the conference. All accepted abstracts will be presented at the poster sessions during the conference. The deserving applicants can be nominated through online.

Outstanding Thesis:

The aim of this Award is to inspire, to identify the marvellous work and bring together the participants such

as Master/ Ph.D./Post Doctorate and to in the area of [Advanced Nanotechnology](#). The award is offered based upon an absolute standard excellence and all student presenters will be consider eligible for the award. The deserving applicants can be nominated through online.
