

2020 Conference Announcement

2020 Conference Announcement of 4th International Vaccine R&D Congress

Giulio Tarro

Professor of Oncological Virology, Foundation T. & L. de Beaumont Bonelli for cancer research, Medicine School of Naples University, Italy, E-mail: gitarro@tin.it

We take the pride in announcing its premier “4th International Vaccine R&D Congress” scheduled in Madrid, Spain during November 23-24, 2020. A leading forum for microbiologists, researchers, scientists, elite professors, technologists and students provides the ideal environment to disseminate and gain current knowledge in this field. The main theme of the conference is “Leading-Edge Research and In-Sights of Vaccine” Vaccine R&D Conference brings upon an incipient platform to share and discuss all the innovations and potential benefits and limitations of vaccines in preventing and control of diseases. The meeting incorporates plenary lectures, keynote talks courses by eminent personalities from around the world in addition to poster presentation, young researcher sessions, symposiums, workshop and Exhibitions. [Meetings International](#) has taken an initiative to felicitate attendees with awards to recognize, celebrate and encourage achievement in its various conferences and events. We salute and acknowledge attainment within an industry that is continuously evolving and re-drawing the boundaries of best practice. These awards represent the pinnacle of professional achievement for event professionals. To win an award you will have been endorsed by our illustrious panel of the foremost industry professionals which is a sure-fire signifier of your formidable credentials.

Outstanding Speaker in [Vaccine Research 2020](#):

This award recognizes academic and business speakers for their excellent presentation skills and for the significant contribution that they make to their professions, their teams and their patients through their practice, leadership or research endeavor. Recipient of this award will be chosen by the session chair and co-chair. The awardee will be felicitated after the completion of oral session. Our Vaccine R&D Conferences encourage researchers from across the globe to take part as a speaker at these prestigious events.

Best Key Note Speaker Vaccine Research 2020:

This award recognizes the notable presentations given during the course of the event. It also recognizes the enthusiasm and determination of the speaker to improve the experience of all who they come into contact with. The award will be given based on the impact of presentation on the attendees of the event. We will also be taking into account the references taken from the citations of the keynote speaker. This awardee will be felicitated by one of the members of the organizing panel present during the conference.

Best Organizing Committee Member [Vaccine Research 2020](#):

This award seeks to recognize the continuous support provided by the Organizing Committee Member of the conference. Recipient of this award will be selected by the operating committee of the event. The award will be given based on the support and cooperation provided by a member of the organizing panel from the beginning to the successful completion of the conference.

Outstanding Masters/Ph.D./Postdoc Thesis work resenatation in Vaccine Research 2020:

This award seeks to recognize the young brains of the current era. Recipient of this award will be selected by the judge of the Young Researchers Forum. This award will be given based on the presentation skills, impact of research and its applications in the field of Vaccine Research. Participants pursuing Masters, PhD or Post-Doctoral studies are eligible for this award. The awardee will be felicitated after the completion of all the oral presentations delivered under the Young Researchers Forum category.

Best Poster Award Vaccine Research 2020:

This award recognizes the best poster presentation given during the course of an event. Recipient of this award will be selected by the judge of the poster session. An award winning poster will be evaluated on presentation content and clarity, innovativeness of approach, communication criteria and scientific aspects. It will also be based on layout, insights, analysis and results description. The awardee will be felicitated after the completion of poster session.

The awards given for our [Vaccine Research Conferences](#) recognize the wide range of responsibilities and dedication and discoveries in the field of Vaccine Research professionals who promote the latest methodologies and most recent trends all over the world. Vaccine Research Events make a huge contribution to encouraging all Young researchers, Surgeons across the globe.

“International Vaccine Congress-2018” was held during October 29-30, 2018 in Prague, Czech Republic. The conference highlights the theme “A Global discussion on Vaccine Research & Development”.

Topics were covered in the conference:

Vaccine Conference conveyed upon a stage to share and talk about every one of the developments and potential advantages and constraints of immunizations and how to avert and control ailments. The get-together fuses plenary addresses, keynote talks courses by famous identities from around the globe notwithstanding notice introduction or e-blurbs, youthful specialist sessions, symposiums, workshop and Exhibitions. It centers around the themes that incorporate the accompanying: Research on new Vaccines, Infectious ailments and Non Infectious Diseases, Cancer Vaccines, Veterinary Vaccines, Pregnancy and Neonatal Vaccines, Hepatitis Vaccines, HIV/AIDS Vaccines, DNA immunizations, Recombinant vector antibodies, Inactivated/Killed Vaccines, Human papillomavirus (HPV) Vaccine, antibodies - supply and appropriation - gauges, immunizations and related substances, Vaccines approval - fabricating process, approval of testing calculations, Vaccines approval considers, estimation of pharmaceuticals, variety - pharmaceutical item, VEN framework (Vital, Essential and Nonessential pharmaceuticals), venoms and neutralizing agents, viral inactivation and evacuation

systems - plasma items, infection inactivation and expulsion
- blood item wellbeing, Post Vaccination Era.

Vaccine Conference divisions include: Scientific Session:

Vaccine Research & Development, Vaccine and Types, Veterinary Vaccine, Vaccination during Pregnancy, Vaccination for Children, Cancer Vaccine, HIV and AIDS vaccine, HPV vaccine, Production and Effectiveness of vaccine, Immunology of Infectious diseases, Vaccines for unconventional diseases, Vaccines Experimentation, Poultry Vaccine

Vaccines against DrugsThe adepts who promulgated the theme with their exquisite talks were:

Title: **Microbiota, immunology and vaccines to tackle antimicrobial resistance**, Ivana Haluskova Balter, CHD group, France

Title: **Nanovaccines for infectious diseases delivered via microneedle patches**, Martin D Souza, Mercer University,USA

Title: **Perennial ryegrass and the resultant clinical staggers**, Morrie Craig, Oregon State University, USA.
