[Awards @ Dementia 2020](#)

Meetings International offers several awards to recognize outstanding scholarly contributions in the field of Dementia and related field. These awards have different committees, nominating procedures and submission deadlines. They recognize Best Organising Committee Member Award, Best Key Note Speaker Award, Best Speaker Award, Best Young Research Scientist Award and Best Poster Award. The conference offers emerging scholar awards to outstanding researchers, exceptional graduates or early academicians who have distinctive enthralment towards the conference themes. The Award strives in providing a strong professional development opportunity for early career academicians—meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term

[Best Organising Committee Member Award:](#) Meetings International will honour the individual who has demonstrated exemplary support and guidance throughout the conference. The award to the experts who have made outstanding contributions to advancing in Neurology 2020. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online

[Best Key Note Speaker Award:](#) Meetings International will honour the Keynote Speakers who have made significant contributions in the field of Dementia representing the theme of the conference. The Award for professional or academic research activity acquired in neurology and neuroscience research field in the public or private sector for experts having research knowledge at 10+ years in the field of neurology and neuroscience with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online

[Best Speaker Award:](#) Meetings International perceives the individuals who have made significant research in the related field of the conference. This honour explicitly

centers on the uniqueness and creativity that expands member interests.

[Best Young Scientist Award:](#) This award recognizes individuals in the early stages of their careers that have made outstanding research, teaching, and/or service contributions to the field of Dementia.

[Best Poster Award:](#) This award recognizes individuals from poster presenters who display their outstanding research and findings for an innovative future. The neurology conference offers Scholar Level Award for the upcoming scientists, researchers and experts having 10+ years research experience in the field of neurology and neuroscience. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online

The awards given for Dementia 2020 conference recognises the wide range of responsibilities and scientific dedication in the field of Dementia, Neurodegenerative diseases, case study in dementia and the related fields of dementia.
