

## Short Commentary

# Award 2020-International Conference on Applied Microbiology and Infectious Diseases

**Nabil Abou Baker**

*Professor, University of Chicago, USA, E-mail:  
naboubaker@bsd.uchicago.edu*

[Conference Series LLC Ltd](#) summon all the participants from all over the world to attend International Conference on Applied Microbiology and Infectious Diseases during September 25-26, 2020 at Online event which includes keynote presentations, Oral talks, Poster presentations and Exhibitions. [APPLIED MICROBIOLOGY 2020] developments are maintaining their momentum. Dentistry Conference program delves into strategic discussions.

[Applied Microbiology 2020](#) will be held in Online event from September 25-26, 2020.

[Applied Microbiology 2020](#) aims to provide a platform where academics and practitioners from cross-disciplinary fields from education, environmental protection industry, and business can

come together and collaborate. The event will encourage the exploration of the potential synergies that may arise from pooling the different perspectives. We invite you to submit papers on [Applied Microbiology](#). Poster and oral presentations, and thesis presentations will be included in the Conference Program. Applied Microbiology cover all aspects of Microbiology and Pathology, and broadly encompasses Microbiology processes, and Atmospheric Changes, Infectious Diseases. It also considers the interactions between humans and these systems. Young Research's Awards at [APPLIED MICROBIOLOGY 2020] for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the [APPLIED MICROBIOLOGY 2020] young research forum.

### Outstanding Scientific Contributions and Achievement Awards

#### Expert Level (Scientific Service Achievement Award):

The award to the experts who have made outstanding contributions to advancing in Microbiology & Pathology. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field of Microbiology in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

The Award for professional or academic research activity acquired in Microbiology research field in the public or private sector for experts having research knowledge at 10+ years in the field of Microbiology and Pathology with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award

Our Conference provides a unique platform for women scientists for presenting latest research projects in the field of Microbiology with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Microbiology & Pathology. You can nominate deserving of the award through online

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme Current Research on Microbiology and Infectious Diseases. You can nominate someone deserving of the award through online.
