

Editorial Note

The Archives of Research and Reports on Mathematics, is an Open Access, peer reviewed Journal dedicated to publish high quality articles covering wide range study areas of Pure and Applied Mathematics.

The Journal aims to provide a platform for mathematicians, academicians and scientists for disseminating reports on Mathematics Research and insights into interdisciplinary applied mathematics. The journal accepts original articles emphasizing on all the major areas of Mathematics such as- Algebra, Geometry, Number Theory, Analysis, Topology, Arithmetic, Combinatorics, Computational Mathematics, Calculus, Mathematical Physics, Biomathematics, Probability Theory, Statistics, Operational Research; and electronic versions of all the publications will be available under open access platform. For the last 4 years, published papers have been under the strong and able leadership of our Editor-in-Chief's. Especially, we are thankful to for his continuous support and dedication towards the journal will not lost. We the publication office of Research and Reports on Mathematics including me, we all are very honoured and grateful for his selfless devotion towards the journal.

We provide a rapid turn-around time possible for peer reviewing and publishing the article online and to disseminate the articles freely for research, teaching and reference purposes.

The journal covers a whole lot of topics in this field related to Algebra, Applied Mathematics, Arithmetic, Calculus, Combinatorics, Computational Mathematics, Geometry & Topology, Logic and Foundations, Mathematical Analysis, Mathematical Physics, Modelling and Simulation, Number Theory

Probability and statistics Applied Strategies in 2020

We have applied many strategies in 2020, i.e.

- ❖ Using contacting through Mobile (Whatsapp) phones
- ❖ Sent Call for papers for the eminent in the field
- ❖ Approaching the Editors suggested eminent
- ❖ Approaching potential reviewers for the Call for papers
- ❖ Maintaining the frequency of articles

Conclusion

I wish to provide some perspective from the cycling research community of Archives of Research and Reports on Mathematics with regard to a recent Editorial note of our Journal. I solely believe that the quality of the journal is based on the Eminence presence in the Editorial Board as well as Reviewer Board (potential reviewers) who strive to make the papers significantly productive and helpful for the scientific community.

Stay Safe & Healthy...!

Thank you!
