

Young Research Forum

Journal of Immunological
Techniques in Infectious Diseases-
2020 Young Scientist Award

Burkhard Brandt,

Burkhard Brandt Designation: European Expert in Clinical Chemistry and laboratory medicine (EC4) Department: Clinical Chemistry University: Universitätsklinikum Schleswig - Holstein | UKSH & € Institute of Clinical Chemistry Country: Germany, E-mail: Burkhard.Brandt@uksh.de

After finishing of our previous conference, we are getting a huge response from the speakers\attendees and we happily announce that, we are organizing a conference on “4th Global Congress on Cancer Science and Oncology” was scheduled on November 16-17, 2020 in the most attractive city of Singapore City, Singapore focusing with the theme of: “Quantum leap on Cancer Science &Oncology”

Conference series is a scientific association well known for promoting scientific temperament and has been performing very well in Business and Management and may be a good platform for our readers. We gladly welcome all the attendees around the world for the hearing of the foremost recent innovations and inventions in the field of cancer. This Conference will provide a place for the exchange of ideas and views by leading scientists, researchers and also from the academicians around the globe. There will be many outstanding keynote speakers and well known leading scientists and experts from various places of the globe to share their ideas and talk about various aspects related to the field of Cancer stem cells. Our aim is to gather peer researchers, young scientists, academicians & industrialists to meet, discuss and share the ideas related to it and the knowledge that's still more to be revealed. We heartily encourage you to attend and contribute to one of the major events of 2020 in the field of Cancer stem cells. The conference will reveal the present and future aspects in the field of Cancer stem cell which are the need for instant and better treatment.

Main highlights of the conference

- Cancer Stem Cell
- Oncology Research
- Oncology Research Categories
- Stem cells
- Bio-markers of Cancer Stem Cells
- Immunology
- Cancer Stem Cell Treatments
- Types of Cancer
- Nanotechnology in Cancer
- Cancer Stages
- Cancer Causes
- Cancer Treatment
- Cancer prevention
- Clinical research and trials in stem cells and cancer
- Bioinformatics and Systems Biology
- 3D Bio printing & Bio fabrication
- Gene therapy
- Stem Cell Biology and advances

- Advances in Tissue Regeneration
- Umbilical Cord Stem Cells
- Stem Cell and Tissue Homeostasis
- Stem Cell Aging
- Stem Cell Therapy
- Recent advances in Stem Cell
- Epidermal Stem Cells
- Stem Cell Renewal
- Ethics considerations in stem cell therapy
- Advances in developmental biology and stem cells

Who and Why??

Oncology Conference brings together the specialists from all the aspects to discuss about the future of Oncology and Cancer in today's world to thrive and survive with a better health. Directors specialists, Investigators, Post-Doctoral Fellows, Research and Diagnostic Laboratories, Clinical Fellows, Students, Biomedical Research companies, Healthcare Institutions, Market Research and Consulting Firms, Pharmaceutical Companies and all other interested participants willing to enhance and update the knowledge may attend the conference.

The Young Researcher Award is an initiative with the intention of supporting young researchers. This award recognizing for Masters\Ph.Ds.\ Post degree thesis work presentation who will present their projects and thesis that has been implemented to improve long run excellence within the field of Polymers & Bio-Polymers. The selection Process will be done by the Organizing Committee.

It is specially designed for postgraduate students (MSc, PhD...) designed to provide students with the opportunity to present their work in a friendly, supportive forum and to receive feedback from mentors and peers.

Other important skills: you need to be a good scientist includes scepticism, creativity, problem-solving, self-management, and objectivity.

Rules of Eligibility

- Entrants must have been completed their PhD\MSc.
- The research described in the entrant's thesis must be in the field of Polymers\ Biopolymers.
- The prize will be awarded without reference to sex, race, or nationality.
- The topic must suites to the conference theme
- All presentations must be in English
- Updated Curriculum Vitae
- Submit an abstract as first author
- The candidate should give an undertaking that the paper being submitted has not been published in any journal or presented in the other Conference / Seminar / Symposium or submitted for consideration of any award.
- Young Scientist can present only one paper in any session

Importance

To recognises the fundamental importance of scientific research in the development of our understanding of the growth of forests and their value to society and our planet.

Benefits

- Best Young Scientist Award
- Best Masters/Ph.D./Postdoc
- Learn more about career development & latest research tools and technologies.
- Foundation for collaboration among young researchers\scientists
- To interact and share ideas with all the eminent personalities
- Student fellowships
- Felicitated with Certificate
- Chance to attend other Allied conferences with discounted rates.
- Chance to meet experts in your field of expertise
- Chance to distribute full length papers in our supporting Journals

The Young Research Forum offers for all young researchers and scientists and students for possibility to meet and discuss about their own research topics and methodologies to share and develop their ideas, learn from each other and gain knowledge from eminent speakers. Role of Young Scientist:

Young scientists will play an important role in today's research and innovations systems. Understanding how young researchers can achieve and contribute to the knowledge landscape, and what obstacles they encounter within the process across the globe.

Participation in the symposium is open to all graduate students who are graduates in field of Polymer Science from certified universities. Applicants must be recent graduated students.

Our Allied Academies categories seek to acknowledge Scientists, Researcher, Professor, Industrialists, and Students in various scientific fields who are making an outstanding contribution to the world of Science for the better and healthy future.

It would be an exposure to the young and enthusiastic researchers to explore the leading edge research and technology within the interdisciplinary approach. YRF will also give them an opportunity to strengthen their research also as academic network with other experts both in their core and interdisciplinary areas.

The application package must include

- Updated Curriculum Vitae
- Course completion certificate
- Paper work for presentation

Note

Last date for initial participation December 3-499\$

Last date for initial participation January 30-599\$

For more details about the conference please visit our website: Oncologyconference2020

The conference also provides delegates/Listener opportunity to share and explore ideas and views in the area of Oncology. And avail group discounts on registration.

We do very much hope that you will be able to accept this invitation and looking forward to meet you in Amsterdam.

With best regards,

Saraah Smith | Program Manager
