

Past Conference Report

Past Conference Report of Biopolymers & Bioplastics Conference

Paola Fabbri

Associate Professor, Department of Civil, Chemical, Environmental and Materials Engineering (DICAM), School of Engineering and Architecture, Bologna University, Italy,
E-mail: p.fabbri@unibo.it

At last our conference named on “International Conference on Polymer Waste – Biopolymers & Bioplastics” held on October 23 -24 Frankfurt, Germany hosted by ConferenceSeries with the theme of “Reduce Reuse Recycle of Polymers in day to day life” was concluded with successful result with huge response.

The conference was initiated with the Excellency of the keynote Speakers:

Title: Influence of keratin and DNA coating on flammability characteristics of PE/EVA blends

Saul Sanchez Valdes

Applied Chemistry Research Center (CIQA), Mexico 10:00-10:40

Title: Polymers and nanocomposites to remove inorganic contaminants in water

Bernabé Luis Rivas Quiroz

University of Concepcion, Chile

We are enthusiastically put forward to organize “[2nd World Congress on Biopolymers & Bioplastics](#)” Congress which will be held during Nov 11-12, 2020 Paris, France. The main theme of the conference is “Navigating towards New Technologies and Innovations in Biopolymers and Bioplastics” although we get wonderful response for our previous conference. It’s a pleasure to introduce forward step of our conference.

This Conference providing an opportunity for all eminent [speakers Scientists](#), Engineers, Researchers, Students and Leaders from the fields of [Polymer Science](#), plastics, [Green technology](#), medical, and Biomaterials from all over the world to fulfill their network, and understand new scientific research innovations in Biopolymers and Bioplastics technology. It is also a sensational platform for researchers, practitioners and educators to present and discuss the most recent advances, trends and concerns as well as practical challenges and solutions. It will also collaborate world-class Directors, Professors, [Scientists and Researchers](#) to discuss the multidisciplinary field with research and interests covering all aspects of recent [Biopolymers](#) and Bioplastics.

[Conference Series LLC LTD](#) is an open resource platform that conducts 3000+ global events including International Conferences, [Workshops](#), Symposia, Trade Shows, Exhibitions and Science Congresses in all the major scientific disciplines, including Clinical, Medical, pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East researchers, over the globe.

World renowned scientists, Noble [laureates](#) and scholars in their respective fields grace our events as keynote speakers, panel experts, and [organizing committee](#) members. Our speakers gain global visibility and recognition as we take them straight to the audience through live streaming that broadcasts your spoken words all over the globe instantaneously.
