Young Research Forum

Meetings International is announcing Young Scientist Awards through 2nd International Conference on Biodiversity and Ecology Restoration (Biodiversity 2020) which is scheduled at Phuket, Thailand during February 19-20, 2020. This Biodiversity conference focuses on "Saving and restoration of species".

Biodiversity 2020 and upcoming conferences will recognise participants who have significantly added value to the scientific community of environmental science and provide them outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researchers by meeting experts to exchange and share their experiences at our international conferences.

Biodiversity 2020 focuses mainly on new aspects in Biodiversity & Ecology Restoration, Green Economy, Captive Breeding, Environmental Toxicology and Environmental Toxicology. Biodiversity conference operating committee is providing a platform for all the budding young researchers, young investigators, post-graduate/Master students, PhD students and trainees to showcase their research and innovation.

Eligibility:

Young Scientists, faculty members, post-doctoral fellows, PhD scholars and bright Final Year MSc and M.Phil. candidates. Persons from Scientific Industry can also participate.

Benefits:

The Young Scientist Feature is a platform to promote young researchers in their respective area by giving them a chance to present their achievements and future perspectives.
