Conference Series LLC Ltd sincerely thanks all of our wonderful Speakers, Conference Attendees and Collaborators; Materials Chemistry 2019 Conference was our best ever!

12th International Conference and Exhibition on Materials Science and Chemistry hosted by Conference Series LLC Ltd was held during May 20-22, 2019 Zurich, Switzerland at Movenpick Hotel Zurich Regensdorf, Zurich, Switzerland with the theme "A Chemical Breakthrough for Materials Science Innovations" which got splendid response. With the support and guidance of Organizing Committee Members and Editorial Board Members in the fields of Materials chemistry and materials science and astonishing presentations of all participants this prominent event became more impressive.

Conference Series LLC Ltd would like to convey a great appreciation to following eminent people, honourable guests and Keynote speakers.

Angeline Poulon-Quintin, ICMCB, University of Bordeaux, France

Thio E Hogen Esch, University of Southern California, USA

Jean-Francois Silvain, ICMCB-CNRS, France

Tsan-Yao Chen, National Tsing Hua University, Taiwan

Conference Series LLC Ltd congratulates our Best Poster awardee Dr. Sol M Mejia from Pontificia Universidad Javeriana, Colombia for her outstanding performance in the field of Materials Chemistry and appreciate all the participants who had put their efforts in poster presentations and sincerely wish them success in future endeavours.

Organizers: **Alejandro Perez Florez**, Pontificia Universidad Javeriana Colombia. **Tsan-Yao Chen**, National Tsing Hua University, Taiwan

Conference Series LLC Ltd takes the privilege to felicitate the Keynote Speakers, Organizing Committee Members and Chairs who supported this event by facilitating the discussion forums. With sustainable excitement for grand success of Materials Chemistry 2019.

Conference Series LLC Ltd is glad to announce next annual meeting 18th International Conference and Exhibition on Materials Science and Chemistry to be held during May 25-26, 2020 in Rome, Italy with the theme "Amalgamation of Theoretical and Practical Concepts where Materials are shaped into Chemicals".

We hope your favourable support will make our next annual conference also a grand success event.

Materials Chemistry 2020 supported by the organizing committee network of renowned scientific and professional expert such as **Mohamed Siaj**, The Université du Québec à Montréal (UQAM), Canada, **David KREHER**, UPMC, France, **Hanshan Dong**, University of Birmingham, UK, **John O Roberts**, **Kyriakos Porfyrakis**, University of Oxford, UK, **Osman Adiguzel**, Ankara University, Turkey, **Paolo Arosio**, Università degli Studi di Milano it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in Materials Science and Chemistry.

The GDP is projected to rise by 2.5 percent in 2019, 1.9 percent in 2020 and 1.8 percent in 2021. The chemical industry will be source of strength, with growth of 2.5 percent in 2019 and 3.0 percent in 2020. In fact, chemical industry growth will exceed that of the US economy through 2024.

Materials Chemistry Conferences going to be held during January, 2020 to December, 2020 at various cities in Europe (London, Barcelona, Madrid, Valencia, Rome, Milan, Berlin, Frankfurt, Vienna, Zurich, Dublin, Edinburgh.... And Many More..!!!
