

2020 Conference Announcement

2020 Conference Announcement of 4th Annual Immunology Congress

Dr. Giulio Tarro

Professor, Center of Biotechnology Sbarro Health Research Institute, Italy, E-mail: gitarro@tin.it

We delightfully invite all the participants across the world to attend [4th Annual Immunology Congress](#) which aims for “**Expanding the Possibilities to Fight Against Diseases**”, to be held during **June 22-23, 2020** in **Osaka, Japan**. Our main motto is to unify individuals in the scholarly community and society keen on immunology to deliver their talks on the current trends and significant issues related to research and clinical trials important for the public to be shared. [Immunology 2020](#) acquires a wide platform for Immunologists, Doctors, Researchers, Young Researchers, Business Delegates to exchange ideas and knowledge.

The current world of immunological research has expanded considerably, and even in the current environment of highly interdisciplinary and collaborative science, future immunologists will probably need to be at least familiar with computational, structural and system biology, nanotechnology, and tissue engineering, for example. At the same time, from primarily a host defence mechanism to a fundamental homeostatic system with organism-wide physiological and clinical significance and potentially transformative biotechnological and therapeutic applications, our perspective of the immune system has gradually developed.

Immunology Conference gathering incorporates Plenary lectures, keynote lectures by famous personalities from around the world in addition to poster presentation, young researcher sessions, symposiums, workshop and Exhibitions. It focuses on a wide array of topics that include the following: Immune System and Immunology, Oncoimmunology, Auto Immune Disease and HIV, Transplantation and Computational Immunology, Immunogenetics, Stem Cells Immunology, Neuroimmunology, Haematopoietic, Lymphoid Malignancies and Immune System Development, Thyroid Immunology, Allergy and Immunology, Immunization and vaccination, Immunoresearch and Immunotechnology.

With members from around the world focused on learning about Immunology and its advances: this is your best opportunity to reach the largest assemblage of participants from immunology community, conduct presentations, distribute information's, meet with current and potential scientists, make a splash with new drug developments, and receive name recognition at this 2-day event, world-renowned speakers, the most recent techniques, developments, and the newest updates in Stem Cells & Cancer immunology are hallmarks of this conference.

4th Annual Immunology Congress is among the World's leading Scientific Conference. The two-day event on Clinical Immunology and allergy practices will host 60+ Scientific and technical sessions and sub-sessions on innovative researches in the field of Allergy and Clinical Immunology across the globe. Immunology 2020 will constitute of 12 major sessions designed to offer comprehensive sessions that states current issues in the various field of Immunology.

Our targeted audience will be Immunology Students, Scientists, Immunology Researchers, Immunology Faculty, Medical Colleges, Immunology Associations and Societies, Business Entrepreneurs, Training and Research Institutes, Manufacturing Medical Devices Companies and Pharmaceuticals.

The attendees can find exclusive sessions and panel discussions on the latest innovations in Immunology by:

- Lectures from renowned speakers
- Keynote forums by Prominent Professors, Engineers
- Open Innovation Challenges
- Poster presentations by Young Researchers
- Global Networking sessions with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Meet the editors of refereed journals, Society and Association members across the Globe
- Excellent platform to showcase the latest innovation and concept in the technical field

Conference Name- 4th Annual Immunology Congress

Date- June 22-23, 2020

Venue- Osaka, Japan
