

2020 Conference Announcement

2020 Conference Announcement on Recycling and Waste Management

Daniele De Wrachien

Retired Professor, Environmental Department, University of Milan, Italy,
E-mail: daniele.dewrachien@unimi.it

We're pleased to bring you exciting news about next year's [4th Global Summit on Recycling and Waste Management](#). We have set a date and location that we hope for the foundation of a productive and enjoyable gathering.

Perks:

- All accepted abstracts will be published in the respective journals.
- Special privileges on group registrations.
- Chance of b2b meetings
- Opportunity to organize workshop/symposia
- Best poster and young researcher awards
- Best Key Note Speaker awards
- Best Organising Committee Member awards
- Best Speaker awards

Scientific Session: Recycling Basics, Rubber & Plastic Recycling, Paper Recycling, Agriculture & Food Waste Recycling, Chemical & Industrial Waste Recycling, Solid Waste Management, E-Wastes Recycling and Management, Effect of 3Rs on climate change, Waste Treatment Technologies, Waste to Energy, Petrochemical and Oil Recycling, Recycling Business.

The entire accepted abstract will be published with our supporting journal Expert Opinion on Environmental Biology. For manuscript publication with our supporting journal contact us further.

[Rome](#), Italian Roma, historic city and capital of Roma provincia (province), of Lazio regione (region), and of the country of Italy. The destinations which make Rome special are The Colosseum and the Arch of Constantine, Vatican City, The Pantheon, Roman Forum, Trevi Fountain, San Giovanni in Laterano, Centro Storico & the Spanish Steps, Palatine Hill and more.

Efficient [recycling technology](#) is becoming increasingly more important and it is estimated that the worldwide recycling equipment and machinery market will exceed US\$ 1.2 billion (EUR 1.05 billion) by 2025. Baler presses will dominate the machinery landscape with a 30% share in the overall recycling equipment and machinery market, according to the report. Analysts anticipate that metal baling will record a compound annual growth rate of 5.7% over 2018-2025, with a target revenue of US\$ 390 million by 2025. Meanwhile, the [plastic recycling equipment](#) and machinery sector is expected to witness 'significant gains' over the coming eight years. This niche market will see a year-on-year growth rate of 6.3% during the 2018-2025 periods, with target revenue of US\$ 470 million by 2025. The study points out that an estimated 7.7 billion tonnes of

plastic is manufactured across the globe every year; out of which 5.4 billion tonnes is not recycled.

The Asia Pacific region's market is forecast to exceed US\$ 450 million by 2025, with China as a major revenue earner. PET bottle recycling generally encompasses the procedures of waste collection, sorting, shredding, and moulding. Market Research Future (MRFR) indicates a CAGR of 5.28% in the global PET bottle [recycling market](#) over the forecast period of 2018-2023. The global PET bottle recycling market was valued at USD 4,381.3 Mn in 2017 and is due to reach USD 5,933.6 Mn by the end of 2023.

It 2019 Conference past report

Meetings International successfully anchored its leading "[2nd Global Summit on Recycling and Waste Management](#)" slated on July 22-23, 2019 at Tokyo, Japan.

Recycling 2019 is distinguished with the attendance of editorial board members of supported journals, scientists, young and brilliant researchers, business delegates and talented student communities representing more than 25 countries, who made this conference rewarding and fecund.

Our [2nd Global Summit on Recycling and Waste Management](#) was based on the theme "Recycle More, Waste Less: A Pledge to Make a Difference" which has encrusted the below-The conference was initiated and embarked with an opening ceremony followed by a series of lectures delivered by members of the Keynote forum and Speakers. The peerless people who promulgated the theme with their exquisite talks were:

- Jayant Khadilkar, Jay Elastomers Pvt. Ltd, India
- Natela Dvalishvili, Institute of Hydrometeorology at Georgian Technical University, Georgia
- Macole Sabat, University of Balamand, Lebanon
- Thanapon Chandakhiaw, Suranaree University of Technology, Thailand
- Natthicha Ma-ud, Suranaree University of Technology, Thailand
- Macole Sabat, University of Balamand, Lebanon

Meetings International wishes to acknowledge with its deep sincere gratitude to all the supporters from the editorial board members of our open access journals, keynote speakers, honourable guests, valuable speakers, poster presenters, students, delegates and special thanks to the media partners for their promotion to make this event a huge success.

Conference Venue:

Hotel Roma Aurelia Antica, Rome, Italy
