

2nd International Pediatrics, Infectious Diseases and Healthcare Conference

2nd International Pediatrics, Infectious Diseases and Healthcare Conference, which was held during October 26-27, 2020, with the theme of “Together to eradicate the term Infection!!!” received a spectacular response.

With the active participation and support of the Organizing Committee Members, Editorial Board Members and impressive presentations of all eminent scientists, talented researchers and young student community made this conference one of the most successful and productive events in ME Conferences.

The conference was initiated with a warm welcome note from our Honorable guests and followed by Keynote sessions. We would like to convey the great appreciation to the Honorable moderator for the conference who contributed a major part to the success of this event.

The highlights of the meeting were the enlightening keynote lectures from:

Dr. Said El deib, UAE

Dr. Amr Hawal, UAE

Dr. Hadi Haddad, Lebanon

Dr. María Bertha Romo Almanza, Mexico

Pediatrics Conference 2020 would also like to thank the following speakers for their splendid presentations on their research.

We earnestly thank the Organizing Committee Members, Participants and Media Partners for their thoughtful presence and liberal support, without which the conference would not have reached the apex of success. Your response is our inspiration; recalling this maxim and seeing the triumph of Pediatrics Conference 2020, ME Conferences would like to announce the commencement of the “2nd International Pediatrics, Infectious Diseases and Healthcare Conference, which was held during October 26-27, 2020.

We welcome all the eminent researchers, professors, students and delegate participants from worldwide to partake in this forthcoming gathering to witness invaluable scientific discussions and add to the future advancements in the field of infectious diseases.
