

32nd World Nano Conference

Adina Campbell*

Announcement

32nd World Nano Conference on October 25-26, 2021 (Scrutinizing the latest approaches in the sphere of Nanotechnology).

About conference

Conference Series LLC LTD, the world's leading Scientific Event Organizer invites all the Speakers, Delegates, Researchers, Students and Industrialists to attend the 32nd World Nano Conference (Nano 2021) during October 25-26, 2021 around the theme Scrutinizing the latest approaches in the sphere of Nanotechnology.

Following the success of previous Nano Conference held during November 24, 2020 we are now delighted to welcome you to 32nd World Nano Conference (Nano 2021) during October 25-26, 2021 aimed to provide an opportunity for all the Attendees to meet, interact and exchange new ideas in the various areas of Nanotechnology.

This Online event has taken the initiative to gather the world class experts both from Academic and Industry in a common platform at Nano 2021 Conferences to share their recent research finding to the world and enlighten other esteemed delegates on latest trends in the field of Nanotechnology. We cordially invite all concerned people from different countries of Europe (UK, London, Spain, Istanbul, Denmark, Netherlands, Germany, France, Italy, Brazil, Turkey, Israel, India, China, Japan) to come join us at our event and make it successful by your participation.

Nano 2021 is intended to honor prestigious award for talented Young researchers, Scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Nanotechnology.

Young Research's Awards at Nano 2021 for the Nomination

Young Researcher Forum-Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation and only 25 presentations acceptable at the Nano 2021.

YRF registration benefits

Young Scientist Award recognition certificate and memento to the winners.

Nano 2021 provides the best Platform for your research through oral presentations.

Learn about career improvement with all the latest technologies by networking.

Provide an opportunity for research interaction and established senior investigators across the globe in the field of Nanotechnology.

It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Why to attend?

Nano 2021 is a unique and exciting opportunity, have been designed in an interdisciplinary manner with a multitude of tracks to showcase the new technology, the new products, the service your industry may bid to a broad international audience. It covers a lot of topics and it will be a nice platform to showcase their recent researches on Nanotechnology Applications.

Nano 2021, host presentations from experts across the world in the field of Nanotechnology and anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates comprise Editorial Board Members of associated global journals.

Business networking is an avenue for vendors to have network and B2B meetings with "Top Scientists and Colleagues" and with an effective low-cost marketing method for developing sales and opportunities and contacts. Student Poster Competition is organized at event, to inspire students and recent alumnae to present their unique research which will be later published in the journals.

All accepted abstracts will be presented at the poster sessions during the conference. An opportunity to present E-Poster for all the students who cannot attend the conference at 99\$ with abstract published in the website with DOI number Live Streaming is a value-added service offering to Speaker.

Target audience

- Nanotechnology Professionals
- Directors of companies in the field of Nanotechnology
- Leading scientists
- Biomedical Engineering
- Medicine and Pharmaceuticals
- Professors
- Fellows or postdoctoral students
- Researchers, CEOs
- Business Delegates
- Doctors
- Young research scientists
- Medical Colleges
- Nanotechnology Associations and Societies
- Manufacturing Medical Devices Companies

Healthcare professionals

Founders and Employees of the related companies

Clinical investigators

1.6 Conference highlights

300+ Participation (70 Industry: 30 Academia)

5+ Keynote Speakers

50+ Plenary Speakers

20+ Exhibitors

14 Innovative Educational Sessions

5+ Workshops

B2B Meetings

The joy of attending Nano 2021 brings with it improvement and incremental growth in your approach to do things, in the broader manner to see things and the beauty to live international diversity.

Come be part of it...!
