Conference Series LLC Ltd presenting 12th World Congress on Biopolymers and Biomaterials, scheduled during November 09-10, 2020 at Amsterdam, Netherlands. which showcase the analysis and advancements, in conjunction with conversing new applications and technologies in Biopolymer. Euro [Biopolymers 2020](#) is to provide an opportunity for leading academicians, scientists, researchers and industry professionals from around the world to network and have mutual scientific discussion on the latest advancements in the interlinked domains of science, technology and business.

Organizing Committee is the main pillar of support in every aspect which increases the scope of the conference. Our Organization we will honor them with best committee member, and we have many more awards categories which our conference we present to the attendees are followed below

The Award endeavors in providing a strong professional development opportunity for early career academicians—meeting experts in the field, interacting with colleagues from other parts of the world, and creating networks and long-term relations.

Euro Bio Polymers 2020 conference would like to honor the eminent scientists who all are created outstanding contributions to advancing in the field of Biopolymers and it's the foremost prestigious award Our First category is Expert Level ([Scientific Service Achievement Award](#)).

Our second category of awards is The Research Contribution Award can be given to the experts who is having research knowledge for 10+ years in the field of Biopolymers.

Our third category of awards Upcoming Researcher Award recognizes and rewards emerging talent in the Biopolymers who are attributable with outstanding achievements and creating a big contribution to the advancement of Biopolymers.

Our fourth category of awards is Women Scientist (The Women of Science Award) We are glad to encourage our women scientist's participants through research awards and aid with women scholars in career development and research guidance through our collaborations.

Our fifth category of awards is Outstanding speaker is given in recognition of an individual researcher/scientist who will present their projects, strategies, and schemes that are enforced to enhance long term excellence in Biopolymers.

Our sixth category of awards is Best Keynote Speaker award will be given to the expertise who showcase their research in the field of Polymer Science within addresses time and interacting the audience with mind altering knowledge

Our seventh category of awards is [Best Poster Presentation](#) This is award is presented to the people who presents their research paper.

Our eighth category of awards is Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation Outstanding thesis award is given to the scholars/researchers in recognition of their Masters/Ph.D./Post Doctorate thesis work presentation on their projects and thesis that have been implemented to improve long-term excellence in the field of Biopolymers.
