The International Conference on Lifestyle Diseases and Management is going to be held on March 27-28, 2019 at Paris, France. This conference on lifestyle diseases and management gives a chance to scientists, medical practitioners, research scholars and students to interact and share their knowledge and experience in different lifestyle diseases. It also provides a global opportunity to the people from both academia and industry to interact for a noble cause of bringing about a change in the society by exchanging their ideas and putting forth the causes and solutions to the effects of lifestyle diseases on a wide number of people worldwide.

This conference aims at discussing the role of lifestyle in causing different chronic diseases which can be otherwise prevented by taking adequate measures. Lifestyle Diseases 2019 covers all the comprehensive sessions which are related to the hypertension, obesity, diabetes, cardiovascular disorders, respiratory disorders, hormonal disorders, neurological disorders, food allergies, bone disorder, depression and cancer.

The International Conference on Lifestyle Diseases and Management provides a common platform to professors, researchers, enterprisers and students to exchange new ideas and experiences in person, to establish business or research relations and to find global partners for future associations. In this meeting, contemporaneous sessions and a poster session covering a wide range of topics and issues will be organized focusing on specific themes. The core aim of this conference is to provide an opportunity for the people to meet, interact and exchange new ideas about various classifications of lifestyle diseases.

Meetings International has taken an initiative to felicitate attendees with awards to recognise, celebrate and encourage achievement in its various conferences and events. We salute and acknowledge attainment within an industry that is continuously evolving and re-drawing the boundaries of best practice. These awards represent the pinnacle of professional achievement for event professionals. To win an award you will have been endorsed by our illustrious panel of the foremost industry professionals which is a sure-fire signifier of your formidable credentials.

Outstanding Speaker in Lifestyle Disease 2020

This award recognises academic and business speakers for their wonderful presentation skills and for the significant contribution that they make to their professions, their teams and their patients through their advices, leadership or research endeavour. Winner of this award will be chosen by the session chair and co-chair. The awardee will be felicitated after the completion of oral session. Our

OUTSTANDING SPEAKER
LIFESTYLE DISEASE 2020

Lifestyle Disease 2020 encourages researchers from across the globe to take part as a speaker at this prestigious event.

Best Key Note Speaker in Lifestyle Disease 2020

This award recognises the remarkable presentations given during the course of the event. It also recognizes the enthusiasm and determination of the speaker to improve the experience of all who they come into contact with. The award will be given based on the impact of presentation on the attendees of the event. We will also be taking into account the references taken from the citations of the keynote speaker. This awardee will be felicitated by one of the members of the organizing panel present during the conference.
