

## Conference Announcement on International Conference on Cosmetology, Aesthetic Medicine and Plastic Surgery

We are pleased to welcome you to the “Conference Announcement on International Conference on Cosmetology, Aesthetic Medicine and Plastic Surgery” after the successful completion of the series of Cosmetology Congress. The congress is scheduled to take place in the beautiful city of Singapore, Singapore on November 19-20, 2021. This Aesthetic Science 2021 conference will provide you with an exemplary research experience and huge ideas.

The perspective of the Cosmetology Conference is to set up to help research people understand how Cosmetology techniques have advanced and how the field has developed in recent years.

Cosmetology is the study and application of beauty treatment. Branches of specialty include hairstyling, skin care, cosmetics, manicures/pedicures, non-permanent hair removal such as waxing and sugaring, and permanent hair removal processes such as electrolysis and intense pulsed light.

Aesthetic medicine is a broad term for specialties that focus on altering cosmetic appearance through the treatment of conditions including scars, skin laxity, wrinkles, moles, liver spots, excess fat, cellulite, unwanted hair, skin discoloration and spider veins.

Plastic surgery is a surgical specialty involving the restoration, reconstruction, or alteration of the human body. It can be divided into two main categories: reconstructive surgery and cosmetic surgery. Reconstructive surgery

includes craniofacial surgery, hand surgery, microsurgery, and the treatment of burns

To enhance the field and make people aware of it. The organizing committee decided to hold a conference in the field of Cosmetology.

People who have missed attending the past conference are most welcome to present your research ideas at the Aesthetic Science 2021 conference. This conference will help you improve networking with eminent people in the field of Cosmetology.
