## Awards

LexisConferences holds regular yearly meetings that are design to share and connect with scientists all over the world. We most enthusiastically announce **"Cytology and Cytopathology"** which is to be held during **November 23-24, 2020** at an exciting city Miami**, USA.**

The main theme of the conference is *"Innovation trends of Cytology and Cytopathology".*

Cytopathology 2020 aims to provide a platform where the key strategic objective of this meeting is to communicate science and medical research between academia, and industry. Through inspiring sessions and whims of networking, you will learn to be even more audacious and bold than you are now and free to grow your mind, grow your business, and grow your bottom line. We can relieve you of the time and resource-draining elements of the events that you plan to hold. Poster and oral presentations, and thesis presentations will be included in the Conference Program.

We can relieve you of the time and resource-draining elements of the events that you plan to hold. This conference is intended to deliver a miscellaneous and current education that will keep medical professionals up to date with the latest methodologies, strategies and the present update in the field of Cytology & Cytopathology.

The goal of organizing the Cytopathology 2020 is to provide exposure to technologies and to deliver information about research work proceeding on Cytology & Cytopathology.

## Outstanding Scientific Contributions and Achievement Awards

**Expert Level (Scientific Service Achievement Award) :**This Expert Level Scientific Award is given to the renowned scientific personnel who have contributed their services with a passion,

dedication and commitment for the human development and distinguished experts who have made significant, sustained and continuing contributions in the field of **Cytology.** It is considered as the most esteemed award of the entire conference. His/Her contribution could be long-term, cumulative or single, particularly insightful, experimental, applicable, or interpreted ideas. This prestigious award could be given for the nominee who had demonstrated significant, independent contribution in their selected area of research with a min of 20+years of experience in **Cytology & Cytopathology** and productively engaged in respective leading edge technology. The achiever of the award must have completed MD or PhD, or equivalent. The recognition of the award will be taking into consideration for the independence of thought, originality and significance of discovery, and impact on his/her area of research. Eligible nominees can upload their Research Portfolios online with their latest 10 publications, landmarks obtained during their research.

## Professional Level (The Research Contribution Award):

The Professional Level Researcher Award is given to a scientific personal who had made a significant contribution with the commitment towards the knowledge development in the field of **Cytology & Cytopathology** research. This Research Award could be given for the nominee who had demonstrated significant, independent contribution in their selected area of research with a min of 10+years of experience in **Cytology** and productively engaged in respective leading edge technology. The nominee has to attain recognition by professional societies, community, organizations or other external bodies. The achiever of the award must have completed MD or PhD, or equivalent. The recognition of the award will be taking into

consideration for the independence of thought, originality and significance of discovery, and impact on his/her area of research. Eligible nominees can upload their Research Portfolios online with their last few publications, landmarks obtained during their research.

### Scholar Level (The Upcoming Researcher Award) :

The Scholar Level Researcher Award recognizes innovative contributions grounded in relevant research field that raise important research questions, offer original contributions to the field, and are supported by compelling visual and textual evidence. The nominee(s) may work in any type of organization: corporate, government, nonprofit, or academic background who have completed/submitted his/her PhD thesis in the field of **Cytopathology Techniques** research. Eligible nominees can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

### Women Scientist (The Women of Science Award):

Women Scientist Award highlights major contributions by Female scientists/researchers to **Cytopathology Techniques** research. The pursuits of the award are inspiring role models for the future generations of women in science. The nominee must be recognized internationally for outstanding contributions in the field of **Cytology & Cytopathology** research. The nominee(s) may work in any type of organization: corporate, government, nonprofit, or academic with 10+ years of experience in the field of **Cytology Sampling Techniques** research. Eligible nominees can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

### Outstanding speaker in Cytopathology 2020:

This award acknowledges the best speakers, who have the capacity to engage a diverse variety of audiences, captivate them with their style and deliver a message that conveys their expertise. A speaker can present their projects, strategies, and schemes that have been implemented by them to improve long-term excellence in **Cytology & Cytopathology** research. Eligible nominees can upload their Research Portfolios online with their last few publications, landmarks reached during their research.

### Best Poster Presentation in Cytopathology 2020:

This award recognizes the best poster presentation given during the course of an event to encourage students and recent graduates to present their original research. Recipient of this award will be selected by the judge of the poster session. An award winning poster will be evaluated on presentation content and clarity, innovativeness of approach, communication criteria and scientific aspects. It will also be based on layout, insights, analysis and results description. The awardee will be felicitated after the completion of poster session. Eligible nominees can upload their Research Portfolios online with landmarks, reached during their research.
