Editorial Note for Fashion Technology & Textile Engineering

I am pleased to introduce Journal of Fashion Technology & Textile Engineering (JFTTE), a rapid peer reviewed Journal is one of the leading peer-reviewed journals supporting rapid publication forum. With advancements in the technology, Journal of Fashion Technology & Textile Engineering is a scholarly journal and aims to publish the most complete and reliable source of information on the discoveries and current developments in the mode of original articles, review articles, case reports, short communications, etc. in all major themes pertaining to advances in fashion technology & improved understanding of textile manufacturing and making them available online freely without any restrictions or any other subscriptions to researchers worldwide. I am pleased to announce that, all issues of volume 8 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2020.

The Journals aims to flourish and to maintain the standards in research and practice, provide platform and opportunity to present evidence based fashion and textile assessment of research and probably it is much indeed for students, teachers and textile fabric scientist to enhance the Fiber Science & Technology, Textile Materials, Clothing/ Apparel Technologies, Studies on Colors & Dyes, Aestethics of Textile, Textile Finishing and Treatment, Fashion Designing & Marketing, Nanotechnology in textile Research, Wearable Electronics, e-Textiles, Multifunctional Materials. Modelling and Simulation.

JFTTE impact factor for the year 2018 was 0.89. The H-index of the journal is 8 and JFTTE ranked 5th among all journals in the field of textile engineering
