Editors

On behalf of the Editorial Board of the Journal of Veterinary Science & Medical Diagnosis (JVSMD) <https://www.scitechnol.com/veterinary-science-medical-diagnosis.php> and my co-editors I am glad to present the Volume 9, Issue 1 of the journal.

The journal established in 2012 has now published 9 volumes six issues in a year. The journal is indexed in **Cosmos**, **Sherpa Romeo**, **Cross Ref** and also by different academic forums. The objective of JVSMD is to publish up-to-date, quality original research and review papers, case reports on a wide range of topics including veterinary sciences, veterinary technology and veterinary medicines.

We could reach this stage through the constant support of Board Members and intellectual generosity of the readers and contributors (authors and reviewers). Best wishes and thank you in advance for your contribution to the Journal.
