

2020 Conference Announcement

International Conference on Genetic Mutations and Disorders

RAUSCHER ALEXANDER

*Professor Developmental neuroscience Canada The University of British
Columbia, E-mail: rauscher@phas.ubc.ca*

Genetics 2020 Miami Conference aim is to bring all the eminent person of Genetics researchers, Genetic Counsellor's, Research Directors, Doctors, Experts, Scientists, Deans, Professors, Research Scholars, Students and everyone related to Genetics field together to share their new ideas and their on-going research work in "International Conference on Genetic Mutations and Disorders" which is going to held in Miami, Florida, USA during November 23-24, 2020.

Theme of the Conference Amalgamation of Innovations in Genetic Diseases gives new approach to genetics. It includes aiming on the principles of modern or future genetic analysis.

Genetics 2020 offers a platform to scientific community for sharing new thoughts and new advances among the individuals from check up on topics of advanced biological science to share their on-going developments and applications.

The Conference can have an area for organizations to show their administrations, items, advancements and analysis comes concerning. This conference includes hearings from experts in genetic research, Personalized & Targeted Medicine.

About Venue

Miami, officially the City of Miami, is the seat of Miami-Dade County, and the cultural, economic and financial centre of South Florida in the United States. The city covers an area of about 56 square miles (150 km²) between the Everglades to the west and Biscayne Bay to the east. Miami is the sixth most densely populated major city in the United States with an estimated 2018 population of 470,914. The Miami metropolitan area is home to 6.1 million people, the second-most populous in the southeastern United States and the seventh-largest in the nation. The city has the third tallest skyline in the U.S. with over 300 high-rises, 55 of which exceed 490 ft (149 m).

Miami is a major centre and leader in finance, commerce, culture, media, entertainment, the arts, and international trade. The metro area is by far the largest urban economy in Florida and the 12th largest in the United States, with a GDP of \$344.9 billion as of 2017. In 2018, Miami was classified as an Alpha level global city by the GaWC. In 2019, Miami ranked seventh in the United States and 31st among global cities in terms of business activity, human capital, information exchange, cultural experience, and political engagement. According to a 2018 UBS study of 77 world cities, the city was ranked as the third-richest in the United States and the eighth-richest in the world in terms of purchasing power. Miami is nicknamed the "Capital of Latin America" and is the largest city with a Cuban-American plurality.

About USA

United States of America is a federal republic composed of 50 states, a federal district, five major self-governing territories, and various possessions. The United States is the world's third- or fourth-largest country by total area and just fractionally smaller than the entire continent of Europe's 3.9 million square miles. The capital is Washington, D.C., Forty-eight states and the capital's federal districts are contiguous in North America between Canada and Mexico.

And the largest city by population is New York City. The United States is a founding member of the United Nations, World Bank, International Monetary Fund, Organization of American States (OAS), and The U.S. is the foremost military power in the world, making up a third of global military spending, and is a leading political, cultural, and scientific force internationally.

As one of the largest and most diverse countries in the world, The United States boast an amazing amount of tourist destinations ranging from the skyscrapers of New York and Chicago, the natural wonders of Yellowstone and Alaska to the sunny beaches of California, Florida and Hawaii.
