Selda Mert Boga

Researcher, Department of Nursing, Kocaeli University, Turkey, E-mail: seldamertboga@gmail.com

Nursing Conference Committee is glad to announce "27th Global Nursing and Health Care Conference" during July 01-02, 2020 Athens, Greece after the successful completion of "26th Global Nursing and Health Care Conference" during May 06-07, 2019 at Rotterdam, Netherlands.

Global Nursing 2020 conference will mainly focus on the theme: "Exploring the Possibilities and Novel Research in Nursing and Healthcare"

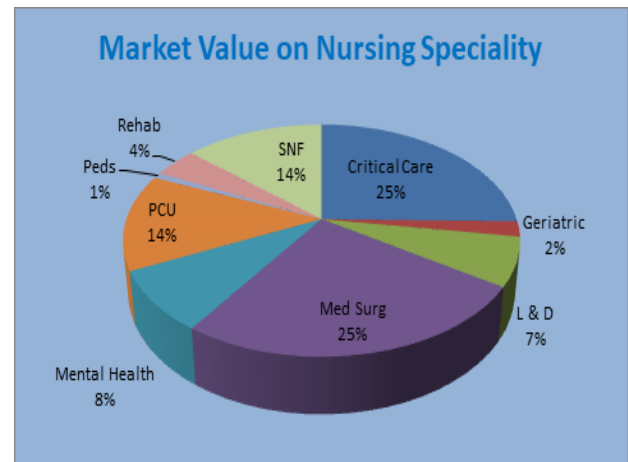

Global Nursing 2020 developments are maintaining their momentum. [2020 Global Nursing Conference](#) program delves into strategic discussions regarding: Nursing – New Technologies, Nurses, Dental Nursing, Geriatric Nursing, Holistic Nursing, Pediatric Nursing, Preventive Nursing, Restorative Nursing, Robotics Nursing and many more

Market Outlook for [Global Nursing 2020](#):

[Global Nursing 2020](#) understand you the market size and growth potential; major companies; draft business plans and pitch books; and conduct benchmarking and SWOT analysis. Nursing implement a range of services that typically fall under general or specialty Nursing. About 84.0% of nurses in the industry, general nurses provide services, such as preventive care, diagnosis and treatment planning, and procedures.

[Global Nursing](#) market observed during the last decade and is expected to register CAGR of 4.9% between 2016 and 2021, to reach USD 7.52 Billion by 2021. Growth in this nursing market can predominantly be qualified to factors such as the rapid growth in aging population.

The European nursing equipment's market is forecast to grow significantly in the next five years. Demand for robotic nursing and advanced treatment options are the drivers of this development. Because of public awareness of nursing health, the growth is also stimulated by an increase of the aging population. For instance, non-metallic inlays have increased by 380% over the last 10 years in the continent.

In this rapidly growing market, your business is certain to benefit from expansion and recruitment in Europe. As the industry grows, our services can assist you in the early stages of European expansion through business incorporation. If your business is already established in the continent; our industry knowledge can support you with admin and legal tasks.

Hence, [Nursing & Health Care](#) plays important role but still the accuracy and precision of the study needs to be improved to achieve minimum rejections in the preclinical studies.

In this fame, we look forward for your contribution and astonishing dedication. We believe your membership in [Global Nursing 2020](#) during July 01-02, 2020 at Athens, Greece will enhance the success of the conference.
