### ***Abstract***

Poor and poorest can engage in dating. Date fun and novel, ideally can choose a partner from another generation. Dating has fun regardless of a person's age. Today, there are men and even women who date in their 50s. And many look forward to a date with the same feeling of excitement they had when they were much younger. While the institution of marriage may not be as hallowed as it had been a few decades ago, dating has more popular than ever. Since the growth of the internet, dating has come offline. More people are dating those they met online than ever before. This is not a trend; online dating has how more and more relationships will be forged in the decades ahead. There are a few ways to improve the chances that date with someone a person meets online will be spectacular.
