### Implementation of Innovative Ideas towards Nephrology and Urology

[8th International Conference on Nephrology and Urology](#) has been planned at Prague, Czech Republic during April 27-28. This [Nephrology 2020 Conference](#) mainly highlights the theme 'Implementation of Innovative Ideas towards Nephrology and Urology' focuses on understanding the unknown facts of the Nephrology and Urology, its research and therapeutic approaches. [Nephrology 2020 Conference](#) is an international platform for presenting research about different areas of Nephrology and Urology current technologies used for the improvement of renal care. The aim of the Nephrology 2020 Conference is to endorse quality research and real-world impact in an atmosphere of true international collaboration between Scientists and Doctors by conveying together again the world-class Researchers, International Communities and Industrial heads to deliberate the latest developments and novelties in the fields of Nephrology and Urology. Our well-known respected Organizing Committee Members are Dr. Simon Allen, Director, UK and Dr. Ahmed Hassanin, MD, Egypt. [Topics to be covered at Nephrology 2020 Conference:](#) Nephrology and Urology, Chronic Kidney Disease, Dialysis and Renal Care, Kidney Transplantation, Pediatric Nephrology, Female Urology, Renal Cell Carcinoma, Renal Hypertension and its Treatment, Diabetic Nephropathy, Urology Robotic Surgery.

Dead line for abstract submission and registration is 24 April, 2020. To participate in the [Nephrology 2020 Conference](#), all the attendees have to submit their respective abstracts to the related topic and register to book their slots. We provide the best platform to showcase your research.

After successful completion of our previous [Nephrology and Urology Conference](#) entitled "4<sup>th</sup> International Nephrology and Urology Conference" which has been scheduled at Osaka, Japan during June 19-20, 2019. This Nephrology 2019 Conference was previously designed to offer complete platform wherein global-class Professors, Doctors, Scientists, Student Researchers and Analyst to talk about techniques for diagnosis and control of kidney and urological related issues. Major highlights of [Nephrology 2020](#) were Advances in Nephrology, Robotic Nephrectomy, Dialysis, Female Urology and Kidney Transplantation. Nephrology 2019 had 5 OCMs and 18 renowned speakers with famous Media Partners. This Nephrology 2019 Conference had completed with technical sessions, workshops, symposia and oral sessions. Nephrology 2019 had covered with **keynote Forums** like

1) Title: Acute kidney injury in children in the department of Nephrology of Tizi Ouzou University Hospital, etiologies and results by Atmane Seba, Tizi Ouzou Hospital University, Algeria 2) Title: Magnetic-assisted robotic surgery to facilitate reduced-port radical prostatectomy by Jeffrey A. Cadeddu, University of Texas and Oral sessions like 1) Paraneoplastic hepatic dysfunction with jaundice in a case of primary renal synovial sarcoma: A very rare scenario by Kalpesh Mahesh Parmar, PGIMER, India 2) Coexisting unknown diseases with chronic renal failure by Marilena G. Koukou, University of Athens, Greece 3) The effect of Calcium and Vitamin B6 supplementation on oxalate excretion in a rodent gastric bypass model of enteric hyperoxaluria by Benjamin K. Canales, University of Florida 4) Pediatric partial nephrectomy for upper urinary tract duplication anomalies: A comparison between different surgical approaches and techniques by Eyal Kord, Assaf Harofe Medical Center, Israel etc. We are glad to inviting all the experts, students, and delegates relevant to the field as attendees and performed well at our global Conference.
