[Meetings International](#) successfully anchored its leading "2nd Dementia & Dementia Care Conference" slated on April 20-21, 2020 at Toronto, Canada.

[Dementia](#) is type of disorder in which a person loses his ability to remember things and reduces the thinking capability of a person. This disease is commonly found in old ages people. Although dementia mainly affects older people, it is not a normal part of ageing. Dementia has different types but the most common is Alzheimer's disease which accounts for 60 to 80 percentages of cases. Dementia is one of the major causes of disability and dependency among older people worldwide. Dementia has a physical, psychological, social, and economic impact, not only on people with dementia, but also on their career, families and society at large.

[Dementia 2020](#) focuses on addressing the constant effort being made by scientist and scholars to improve the existing and inventing novel technologies for future. The conference will also address the issues being faced by surgeons and patients and the impact of Dementia in the world. It provides a platform for organizations, companies, associations, societies, institutions, statutory bodies and other authorities and individuals interested in presenting their thoughts on Dementia procedures and services. Dementia 2020 will influence an appealing moment to meet people in the experimentation field and therefore it takes a pleasure in opening a doorway to...

Dementia 2020 is distinguished with the attendance of editorial board members of supported journals, scientists, young and brilliant researchers, business delegates and talented student communities representing more than 25 countries, who made this conference rewarding and fecund.

Our 2nd Dementia & Dementia Care Conference was based on the theme "Breakthrough in Dementia Research and Care" which has encrusted the below-The conference was initiated and embarked with an opening ceremony followed by a series of lectures delivered by members of the Keynote forum and Speakers. The peerless people who promulgated the theme with their exquisite talks were:

- Donald Davidoff, Assistant professor, Harvard Medical School
- Dawn Wiggins, Certified Dementia Practitioner
- Norrms McNamara, Global Advocate for dementia The Purple Angel
- Vorapun Senanarong, Membership of the Royal Colleges of Physicians
- Fangyu Peng, Editor/Reviewer

Meetings International wishes to acknowledge with its deep sincere gratitude to all the supporters from the editorial board members of our open access journals, keynote speakers, honourable guests, valuable speakers, poster presenters, students, delegates and special thanks to the media partners for their promotion to make this event a huge success.
