

Awards 2020

Petro Chemistry and Chemical Engineering 2020 Awards

Mehrab Mehrvar, Mehrab Mehrvar Professor in the Department of Chemical Engineering Ryerson University Canada, E-mail: mmehrvar@ryerson.ca

We cordially welcomes you all to attend our **15th International Conference and Exhibition on Petro Chemistry and Chemical Engineering** is going to be held during **November 25-26, 2020 Kualaumpur, Malaysia**. The Conference will be organized around the theme **"Advances in Petro chemistry and Chemical Engineering"**.

Outstanding Thesis Work Presentation Award

This award is recognizing for Master's/PhD/Postdoctorate thesis work presentation who will present their projects/research and thesis that have been implemented to improve long-term excellence in the field of Chemical Engineering and its related field.

Expert Level: Expert level award is presented to those who have dedicated their life for their work and made significant contributions to Petro Chemistry and Chemical Engineering field over the years, whose work brought a positive change and impact on society and helped others. It is the most reputed and distinguished award of the entire conference and it is noted as a Scientific Service Achievement award. The entry level eligibility for this award is that one should have a minimum of 20+ years of experience in the respective area public or corporate Sector. This award is purely dedicated to the one who engrosses the attention of the audience with his/her fascinated and the current challenging research towards the subject. Anyone can propose this award through online.

Professional Level: This award is purely recommended to the professional experts, academic researchers, publishers acquired in the field of Petro Chemistry and Chemical Engineering 2020 either in public or commercial sectors. The minimum criterion for this award is to have a minimum of 10+years of research experience on the above area with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated ranging from the date you obtained the (first) degree entitling you to commence an academic degree (Doctorate), even if a doctorate was never started or envisaged. You can recommend the noteworthy professional through online.

Scholar Level:

This category offers to the Young and efficient scholars, Young researchers, upcoming scientists, who are working in the latest field of domain of Petro Chemistry and Chemical Engineering. The main theme of this conference is to bring the international professionals and experts sitting under the common roof to expand their network. The time duration under this category is 25-20 minutes of oral presentation on the Academic and scientific research topics based on the challenging sessions. We can directly nominate this award through online.

Women Scientist:

Our conference has put forward to encourage the women scientists in the science and technology field. This award is one such endeavour to honour women who made it big in the field of research despite the struggles, and to give women a strong foothold into the scientific profession. Women are an important section of the workforce more particularly in the science and research. Our main motive is to uplift the inner hidden talent and knowledge to pursue the **Petro Chemistry and Chemical Engineering 2020** research in frontier areas of science and research. We welcome all the women scholars, scientists, researchers from Universities/industries who are having minimum of +10 years of experience to join in this forum. We wholeheartedly welcome all the talented and dynamic women professionals. Anyone can propose this award through online.

Outstanding speaker:

This award is recognizing for an individual who can present, strategies, and schemes that are enforced to enhance long-run excellence in medical specialty. We can directly nominate this award through online.

Best Keynote Speaker:

This category of award encourages for best keynote speakers who will present their latest research, commercial project ideas, schemes, that would be permissible to improve the long run excellence in the arena of **Petro Chemistry and Chemical Engineering 2020**. This would be benefited to you and your business. Consider taking this advantage of the opportunity of this award. Deserving of this award will be judged by the audience through online.

Best Poster Presentation:

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and researchers to present their real-

time work and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online.

Outstanding Thesis:

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of Petro Chemistry and Chemical Engineering. You can nominate someone deserving of the award through online.
