### Awards 2020

Ophthalmology & Optometry 2020 provides an excellent opportunity to share views, exchange knowledge and establish research collaborations and networking. The conference is focuses on the latest and exciting innovations in all areas of research offering a unique opportunity for Ophthalmologists across the globe to meet, network and perceive new scientific innovations.

**Expert Level** Award recognizes Ophthalmologists for their excellence in practice and for the significant contribution that they make in their professions, their teams and their patients through their practice. Please consider nominating surgeons whom you feel deserves to be recognized for their service and dedication to the service or an Ophthalmologist who has gone the extra mile to best help a patient.

**Professional Level** award seeks to recognize a doctor or Ophthalmologists in a hospital, clinic, who has made an admirable contribution to Ophthalmology. We are considering for a solitary that has made a real difference to the provision of care in their private practice or in the hospital. Particular credit will be given to applications which

have gone the long haul to support patients to overcome significant obstacles

**Scholar Level** award is for the upcoming scientists, researchers, and experts having 10+ years of research experience in the field of Ophthalmology and Optometry. Our conference would like to provide the best platform to extend your network by sharing your research knowledge at the stage. This award honors highly meritorious efforts by health professionals in the field of Ophthalmology. The candidate has been chosen for their significant long term to Ophthalmology and optometry

**Women Scientist** award seeks women health care professionals having expertise in the field of Ophthalmology and Optometry. This award highlights major contributions by female scientists to Ophthalmology research. Women scientist award would be an inspiration to future generation women in Ophthalmology and Optometry.

**Outstanding Speaker** award is to recognize for individuals who will present their achievements, strategies in enhancing Ophthalmology and Optometry with impact in improving the quality of life of patients. The winner of this award should have an excellent track record of sharing their proficiency with other health care professionals.

**Best Keynote Speaker** award is given to individuals for excellence in Ophthalmology and Optometry for a long duration of years and having impact in the Ophthalmology research projects, trainings and who has made real difference in the field of Ophthalmology.

**Best Poster Presentation** award is to highlight and recognize good quality research in the field of Ophthalmology and Optometry in the form of poster presented at Ophthalmology Asia Pacific 2020. This award is to encourage students to present their research work. The best poster certificate increases confidence in student researchers which helps in improving their skills.

**Outstanding thesis** award is recognizing for Masters/Ph.D./Post-doctorate thesis work presentation who will give their projects and thesis that have been implemented to provide long-term excellence in the field of Ophthalmology.
