

Young Research Forum

Young Researchers Forum - Young Scientist Awards Psychiatry 2020

Sam Vaknin

Professor of Psychology, Southern Federal University, Rostov-on-Don, Russia,
E-mail: samvaknin@gmail.com

Psychiatry 2020 invites scholars, researchers, academicians, students and corporate entities across the globe to join at the **World Congress on Psychiatry and Mental Health** (Psychiatry-2020) during Nov 05-06, 2020 in San Francisco, USA. The conference focuses on *"Exploring Innovative Therapies to Achieve Mental and Physical Wellness"*.

World Congress on Psychiatry and Mental Health Conferences mainly focus on the Psychiatry and Mental Health disorders and therapies. Psychiatry is the branch of medicine that is concerned with the study, treatment, and prevention of mental illness, using both medical and psychological therapies. Psychiatry includes various levels of mental state conditions starting from neuropsychiatry to general psychiatric conditions. Psychiatry meetings try to focus on all these mental conditions. Mental health includes our emotional, psychological, and social well-being. It helps us to determine how we handle stress and make choices. It is important at every stage of life, from childhood & adolescence till adulthood. Mental health may include an individual's ability to enjoy life, and create a balance between life activities and efforts to achieve psychological resilience.

Psychiatry 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Psychiatry 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Psychiatry 2020 more successful.

[Prestigious Award for Young Research's at Psychiatry 2020- Discovering New Exploration in Natural, Traditional & Psychiatry and Mental Health disorders and therapies field.](#)

The conference will stimulate scientists, clinicians, people with lived experience of mental health problems and family members from around the world to present innovative and culturally significant research and clinical innovations in youth mental health and early intervention. The forum is organised for those with an interest in prevention and early intervention in youth mental health, to exchange and promote ideas and implementation in this area: from advances in genetics to

improvements in brain imaging, to novel social, psychological, and digital intervention.

The promotion of mental health is not just for specialists but for everyone in the community including industry, people with lived experience, clinicians, educators, family members, and scientists. Moving forward to new frontiers requires new visions and novel strategies.

Young Research's Awards at Psychiatry 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Psychiatry 2020 young research forum.

Benefits:

- Young Scientist Award recognition certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
